

## Personal, Social and Emotional Development

- Why is it important to help people? Do you have to be a superhero to help?
- Talk about the good and bad choices that superheroes and villains make

## Literacy

- Practise forming your letters correctly –you could try writing in rainbow colours
- Write some speech bubbles of things superheroes would say

## Understanding the World

- Make a family tree to bring into school to talk about
- Can you grow a plant from a seed? Take photos over the next few weeks. How has it changed? What does a plant need?

## Pick and mix home learning

### Reception Summer 1

Our sharing day is every Friday

Our core text this term is Supertato

Core skills to practise at least 3 times a week

- Share your reading book with a grown up at least 3x a week
- Keep Practising your sounds
- Practise reading and writing your tricky words
- Practise counting and recognising numbers to 20

## Physical Development

zip or button up your own coat/t-shirt  
without support

- Design a healthy lunch to give a superhero more energy
- Design an obstacle course to test a superhero's powers

## Communication and Language

- Discuss those people that help us— Doctors, Nurses, Police etc. When would you need to call on them?
- Talk about what would be the best superpower and why

## Mathematics

- Practice your doubling - you could draw a ladybird or butterfly and double the spots
- Look at different containers at home and compare their capacities

## Expressive Arts and Design

- Design a superhero base—you could draw it or make a model
- Find some natural objects and do some rubbings (leaf or bark rubbings)
