

What do we want to achieve
this year, 2020 -21?

I will understand how
I do my best learning.

The grown ups will help
me to manage my worries
and to feel safe
so that I can
do my best learning.

I will be more able
to talk about my deep
thoughts and feelings about
experiences, the world and
others.

I will understand how
to get better in maths
and do my best writing.
