

## Message from Mrs Millsop:

Year 5 have enjoyed an exciting trip to Youlbury this week. Staff were impressed with how the children helped each other to face new challenges and succeed. We are extremely grateful to the staff who give of their time freely to take the children and for all their hard work in preparing and organising the trip too. Children are now busily preparing their presentations to share with all of their parents at the upcoming assembly.

Year 6 have equipped themselves magnificently and worked incredibly hard in their SATs. Well done children. We are grateful for the breakfast club staff organised too, including Chef Kath's delicious bacon butties which we enjoyed this morning. Two short weeks have flown by and many children have visited me in my office with super work as well!

## News

**Staff News:** Today we said goodbye to Miss Rabia who has been with us for nearly a couple of years. She is moving on to work at the Autism specialist provision in Swindon; the ARC service. We wish her well and thank her for her hard work. New staffing arrangements for Reception have been communicated to Reception parents.

**OPAL request:** We plan to set up a quieter area so would be very grateful for any Cushions, Blankets or Garden chairs. Also we welcome any bubble wands either empty or full for the children to use with the mixture we will make. These can be brought to the office. Many thanks in advance!

## Values: SERVICE

Mrs Keane led our whole school worship this week, in which we continued to explore serving others. We reflected on the story when Jesus healed the paralysed man and realised that it was not only Jesus who performed a service but many of the others in the story too. We also considered when it might be difficult to serve and why that might be so.
