

Year 2 Homework

Autumn 1 - 2023

‘Exploring Uganda’

Look in your kitchen cupboards and fridge and find food from the **major food groups**: Fruit and vegetables, starchy foods (rice, pasta, bread, potatoes etc.) dairy products, meat and foods with high fat and sugar content. Make a poster to show what you find.

Please remember to read 5x per week and record this in your reading record. You should be using Numbots 5x per week too.

Please also complete 4 of these homework activities over the course of the term.

You should spend no longer than 20 minutes per week

Demonstrate your understanding of comparing numbers within 100. Think about **more or less than** and **ordering** numbers. How many **tens and ones** are there? Can you use the **greater or less than** symbols to compare? (< >)

Present your understanding in a creative way eg make a video/poster or take pictures of some items you have compared.

Create your own matching game about these

homophones:

See/sea, be/bee, blue/blew, whole/hole, flour/flower, bare/bear.

Our Value this term is **Thankfulness**

Make a poster/write some sentences about how you have shown **thankfulness** towards others, or how they have shown **thankfulness** towards you.

What rhymes and songs can you find that mention different countries including Africa or the U.K.?

Investigate the country of **Uganda**. What facts can you find out about it? Try and find at least 5 facts.

Find out what foods can be grown in the UK and compare these to the foods that can be grown in Uganda.

Metacognition

Try the attached family activity sheet about making mistakes.

Please upload your homework to Seesaw by 13th October.
