

How will our school improve in 25-26?

My teachers will help me to learn and remember key pieces of knowledge and skills in every subject so that I know and remember more.

EYFS staff will help me develop the important skills I need to become a great learner, particularly in Maths.

I will help everyone know how we live, learn and grow at St Francis.

I will be very clear about what everyone expects with being Ready, Respectful and Safe.

Adults will help me know how to look after my feelings and think about my future aspirations.
